

Resources for Detroit Residents affected by the recent Floods

Flood cleanup and public health:

For information regarding how to safely clean flood affected areas, please contact the Institute for Population Health Environmental Safety program at: **(313) 309-9380**

Damage reports and request for city services:

To make a report of damage to a home or business, or to receive information on other City of Detroit resources, please contact the Office of Homeland Security/Emergency Management at **(313) 596-5562**

Disaster distress assistance:

For assistance coping with the traumatic experiences of this flood, please contact the Detroit-Wayne County Community Mental Health Agency's 24-hour help line at: **(800) 241-4949** or **TTY (866) 870-2599**. You can also contact the federal disaster distress help line at **1-800-985-5990**, or by **sending a text to 66746**.

Any other resource assistance not listed:

If you need any other type of assistance, please call **2-1-1** for a referral to the appropriate agency or department.
